## EFFECTIVE & TRUSTWORTHY

Since 1935, our United Way has worked hard to develop deep roots and build trust in the communities we serve.

- With a commitment to transparency and accountability, United Way of Greater High Point allocates over 80% of funds raised directly towards programs and services that address critical community needs.
- Each year, UWGHP positively impacts the lives of approximately 80,000 individuals throughout High Point, Archdale, Trinity and Jamestown through various programs and initiatives.

### Community Change

We take our role as stewards of donor dollars very seriously. There is nothing more important than the trust our donors place in us, as it is foundational to our ability to drive community change.
